

2020 INSPIRE Annual Research Meeting – IMSH Agenda
January 18th, 2020, 8:00am – 5:00pm

New

ALERT

Time	Agenda	Speaker
8:00-8:10	INSPIRE Welcome <ul style="list-style-type: none"> - Overview of day - Social event 	Cara Doughty Ashley Keilman
8:10-8:50	Updates: <ul style="list-style-type: none"> - Network update - Young Investigator committee updates 	Aaron Calhoun & David Kessler Lindsay Shepard
8:50-9:30	ALERT Presentations – Session 1	6 presenters
9:30-10:30	ALERT Presentations – Session 1 Group Discussion	6 small group facilitators
10:30-10:45	Break	
10:45 – 12:30	Large group interactive session: Simulation: From Inspiration to Dissemination	Cara Doughty Ashley Keilman
12:30-1:30	Lunch & announcements <ul style="list-style-type: none"> - ImpACTS Study updates, 1/19 meeting - Update on IMSH Scholarship Day 	Marc Auerbach Mark Adler
1:30-2:10	ALERT Presentations – Session 2	6 presenters
2:15-3:15	ALERT Presentations – Session 2 Group Discussion	6 small group facilitators
3:15–3:30	Break	
3:30-4:00	Progress ALERT Presentations	
4:00-4:15	Updates: <ul style="list-style-type: none"> - EM-PEM Simulation Curriculum - PEAK Study updates, 1/19 meeting 	Rebekah Burns Akira Nishisaki
4:15-4:30	New Award Presentations Travel Innovation Patient Safety Research Accelerator: Limited Resource Research Accelerator: Systems of Care	Linda Brown Travis Whitfill
4:30-5:00	Wrap-Up <ul style="list-style-type: none"> - Social event - Sunday AM meetings - Leadership opportunities Debrief	Cara Doughty Ashley Keilman Jonathan Duff Vinay Nadkarni
6:00-9:00	Social Event	Union Kitchen and Tap 333 5 th Avenue San Diego, CA 92101 6 minute walk

Presentations - Session 1

An ALERT (short for Advanced Look Exploratory Research Template) is a 5-minute presentation on a potential research project. ALERT presentations will be followed by an extended small group project discussion.

1. Abulebda - Improving the Quality and Outcomes of Pediatric Acute Care provided at Community Emergency Departments; A Simulation-Based Stepped-Wedge Cluster Randomized Study.
Table Mentor: Frank Overly
2. Williams - The Effect of Simulation Based Training on New Graduate Nurse's Confidence
Table Mentor: Linda Brown
3. Woodward - Optimal Technique to Improve Child Life Specialists' Skills at Cultivating Emotional Safety for Families – A Pilot Study
Table Mentor: David Kessler
4. Witschen - The use of simulation to replace practicum time in Respiratory Therapy students.
Table Mentor: Karen Mangold
5. Qasem - Patterns of Inattentive Blindness during Perioperative Cardiac Arrest: Do Healthcare Providers See and Correct Critical Errors?
Table Mentor: Travis Whitfill
6. Muthu - Multi-patient Simulation Evaluation of Early Warning Score Displays
Table Mentor: Nancy Tofil

Simulation from Inspiration to Dissemination Discussion Groups:

Group	Theme	Facilitator
1	Planning for publication from the beginning	Mark Adler & Isabel Gross Todd Chang & Betsy Hunt
2	Transforming your everyday simulation work into academic products	Chrystal Rutledge & Marjorie White Nancy Tofil & Samreen Vora
3	How to choose a journal	Marc Auerbach & Wendy Van Ittersum Linda Brown & Akira Nishisaki
4	Rejected - now what?	Bram Welch – Horan & Ellen Deutsch Jonathan Duff & Tensing Maa
5	Becoming an effective research mentor	Aaron Calhoun & David Kessler Leah Mallory & Vinay Nadkarni
6	Publishing Curricula	Rebekah Burns & Daniel Lemke

New ALERT Presentations - Session 2

7. Chipman - What increases interprofessional engagement in team training debriefing? A qualitative study
Mentor: Aaron Calhoun
8. James - Prospective observational study to assess the efficacy of 'High Fidelity Simulation Training
Mentor: Chris Kennedy
9. Nik-Ahd - Can an instructor influence the growth vs fixed mindset of pediatric residents?
Mentor: Wendy Van Ittersum
10. Boyer - In situ Just in Time Training in Anesthesiology
Mentor: Marc Auerbach
11. Flood - Rapid Cycle Deliberate Practice Compared to Traditional Simulation Methods for Retention of Resuscitation Skills in Pediatric Interns
Mentor: Dan Lemke
12. Wilkie - Exploring debriefer approaches to difficult debriefing through eye tracking analysis
Mentor: Isabel Gross

Progress ALERT Presentations

1. Bansal - Comparison of retention of cardiopulmonary skills among pediatric residents and nursing staff following advanced life support training of less than 6 months versus more than 12 months
2. Maa - Purpose-driven sim data registry
3. Schoppel - Are We Optimizing Pediatric Emergency Medicine Education for Emergency Medicine Trainees?
4. Godsey - Deliberate Practice to Improve Interdisciplinary Communication – A Pilot Study
5. Lauridsen - Standardized Communication for In-hospital Resuscitation
